

**SUBJECT**  
**ICT**

**TERM**  
**Autumn 2007**

**YEAR GROUP**  
**8**

**CONTEXT**

**Students think about the layout of their website, the purpose of their website and who the website is intended for.**

**OBJECTIVE**

**The layout of a website – a user reads from left to right therefore the links are on the left hand side of the screen/website.**

**ASSESSMENT**  
**Teacher**

**TASK**

**Storyboard your website using the template from the P drive which you can print of and take home. You must on each template design the layout of what you want each page to look like when the website is completed.**

**RESOURCES**

**Template on P Drive as to which they can access in school and print out.**

**EXAMPLE/MODEL**

**E.g. Where do you on your homepage of your website want your title, text, images, buttons, hyperlinks etc to be placed?**
